

CORPRATE PROFILE

Background

Based on various **Global Competition Reports** as well as international recognized **Monitoring Instruments** it is obvious that in addition to **Switzerland, Singapore and Hong Kong**, the **Scandinavian Countries (Denmark, Finland, Norway and Sweden)** rank among to the countries with the best investment opportunities as they have all the important factors for good economic development and an excellent investment climate.

Investment Projects

With this in mind, **BMF Investment Corporation**, with its headquarter in Copenhagen/Denmark, is looking for investment opportunities in the **Scandinavian Market** as well as investment development projects outside of this market, **mainly in Europe and Asia**.
